FLOW16

BUSINESS APPLICATION ECOSYSTEM

One ecosystem. One flow.

Everything your company needs, in one place.

Flow16 is an intranet-type corporate platform that connects multiple systems within your company, so your team can work as if it were **one single ecosystem.**

4 KEY SYSTEMS FOR YOUR BUSINESS

We integrate and connect your most important systems in one platform, for a simpler, more efficient and secure operation.

People
Your team, always connected.

Processes
Simple flows, greater productivity.

Products or Services
Your business, closer.

Security
Protection at every moment.

We integrate your systems
and connect new ones for greater recognition

We connect your ecosystem with the best market solutions, taking advantage of platforms like:

Microsoft Entra ID | SharePoint | Teams | Google Workspace

·buk· | odoo | Jira | Trello | And many more...

Security and connectivity
for a always protected environment

We integrate and manage the best solutions in security and networking:

- **Endpoints** — Device protection.
- **VPN** — Secure access from anywhere.
- **Monitoring** — Visibility and control 24/7.
- **Hardening** — More robust systems.
- **Firewalls** — Your network, more secure.
- **Networking** — Connectivity without limits.

Your remote IT department 24/7 support

FLOW16

We take care of management, support and evolution of your platform.
You focus on your business, we take care of the technology.

Specialized support | 24/7 attention | A team always available | Your technology partner

Greater integration | Higher efficiency | More security

One Ecosystem. One Flow
